

Swim England South West Region Championships 2018

Summer Championships Licensed at Level 1.

Below are the details of next year's Championships, full details of the 2018 Winter Championships event will be circulated later.

Qualifying times are attached as a separate document.

Important notes:

As there are consideration times for these championships please do not payment until you have heard if the swimmers have been accepted, I will endeavour to get this done by the weekend following the closing date.

Swimmers who have a consideration time are not considered as entered until their entry has been confirmed back to the club.

When sending entries I only require the entry file, a copy of page 6 below and a mention of which club you are from as in all correspondence to me, if you take over as competition secretary of your club please make this clear so that you can be added to the distribution list. If you are paying by BACS please make this clear. I have also attached a form for your Treasurer to use if you are passing it on.

When email me please include the name of the swimming club you are from.

Entry procedure:

There are Sportsystems entry files for all events and these must be used for club entries, individual entries will only be accepted when there is one entry per club and these should be made by emailing ASA number and events to be entered to rmargetts@wcasa.co.uk

Closing dates:

I have moved these to Tuesday 24 April for all 3 weekends, this will allow times done at designated meets on the weekend before to be sent to ASA Rankings and appear on the swimmers file and you can make their entries, so there should be no need to send me updated times from those meets.

Coaches passes:

All coaches and chaperones will be issued with a wrist band when they arrive at the pool along with their programme; these must be worn at all times so that we can ensure that only team staff is sitting in the swimmers areas.

Data Protection statement:

Entries may be held on a computer solely for the purposes of this competition and consent, as required by the Data Protection Act 1998, to the holding of personal information on computer will be deemed to have been given by the submission of the entry. Personal Data will be available for inspection during the Meet on application to the Promoters.

Officials:

To comply with Licence regulations we do need volunteers for all sessions, if there are insufficient volunteers the Licence can be withdrawn and the times achieved will not be entered on to ASA Rankings. So please ensure that you send names of your volunteers well before the event.

The names of these officials should be sent to [to be advised later] with the club they are representing.

Programme:

The programme follows a similar pattern to last year, except for the 800m and 1500m events which are now open to both sexes so you will not that one of these events will be swam at Plymouth and one at Millfield for all age groups where they are able to qualify for Nationals. I will release CTs and QTs for the reverse events once I have made some investigations.
