SWIMMING NOTES

Despite cold winds, fog and Christmas holidays, Chippenham Swimming Club members have started training for the 1969 season. A large amount of hard work is being done every Tuesday evening at the R.A.F. Colerne heated pool.

This is a 25 yard pool and is ideal for winter training. Any members who have not been and may be interested should note that the bus leaves the post office at 7 p.m., and everyone should be home by ten o'clock.
